

American Foundry Society, BC Chapter Foundry Industry Scholarship

With the future of the Foundry Industry in Western Canada in mind, the AFS BC Chapter has developed this scholarship program to encourage and support students interested in following a career path to our industry. This scholarship's focus is to encourage students to continue their goal of becoming foundry technicians and/or engineers.

The scholarship has a value of \$500, and is available to engineering and geosciences students. Scholarship selection will be based on academic standing, professional or community involvement, a written statement, and the student's current resume.
